H175 BR 02-2022

**AIRBUS**

# Proven and versatile.

In-service since 2015, the H175 is a proven aircraft addressing various missions such as offshore crew change, search and rescue, law enforcement, firefighting, government, private and business aviation.

Ready for all missions: day and night, with or without icing conditions.

Thanks to its design and payload, the H175 takes you to the next level of comfort, efficiency and cost effectiveness.

# The workforce airliner for offshore crew change.

Built to the highest safety standards.

The H175 offers best-in-class cabin volume and competitiveness at the lowest MOTW while delivering payload and range without compromise.

# The multi-purpose answer for public services.

## Various missions. One aircraft:

- Law enforcement.
- Border patrol.
- Search and Rescue (SAR).
- Emergency medical services (EMS).
- Firefighting.
- VIP transportation.
- Utility.

## First responder for SAR.

Start-up in less than 5 minutes for night and day rescue missions.

Be on the scene faster at 150kts.

Rescue beyond 250 nautical miles

Complete the most demanding missions safely with great power margins and the most advanced autopilot.

Absolute precision and stability while hoisting with pilot or cabin crew control.

Designed for SAR with large cabin doors, wide step, full flat floor and accessible survivor support facilities.

Tailored for any rescue mission with a comprehensive set of SAR sensors and equipment.

# Law Enforcement: Engaged to protect citizen.

Ready to perform demanding missions in the most difficult conditions.

Transport up to 14 SWAT @120 kg

Vertical assault capabilities by fast roping

Integrated and efficient platform for complex missions: EOS, operator console, search light, video downlink...

Great power margin to secure passengers and police officers for demanding procedures

Operational versatility from Law Enforcement to SAR or HEMS or firefighting missions

# A multirole asset for firefighting.

Cargo sling capability up to 2.7 tons  
for a water bucket or other equipment.

Transport up to 18 firemen  
with equipment.

Deployment or emergency  
extraction by hoisting.

Operational versatility from firefighting  
to SAR and HEMS missions.

## Luxurious Cabin and Smooth flight.

**High end standard praised by the owners of the aircraft in service**

ACH175 is Airbus Corporate Helicopters' most luxurious, spacious and exclusive offering, providing a jet-like experience and outstanding comfort in a business helicopter.

Designed in collaboration with major helicopter operators, the ACH175 is the definitive modern aircraft suited to the most demanding environments.

ACH – Airbus Corporate Helicopters is the Airbus Helicopters offer dedicated to its private and corporate customers offering end to end service-based ownership experience.

ACH provides an exclusive platform from which customers can benefit from best in class Corporate and VIP transport solutions, tailored completion and service. ACH ensures that only the highest quality materials and the finest craftsmanship are offered to customers.

ACH range features the ACH prefix: ACH125, ACH130, ACH135, ACH145, ACH160 and ACH175.

# Helionix<sup>®</sup>, the pilot's first choice.

## Commonality

Operators and pilots can take full advantage of the Airbus common avionics suite, making helicopter operations safer, training and maintenance easier while reducing the costs associated with pilot training time.

## Safety & Mission efficiency

Focusing on the highest safety standards, Helionix intuitive Human Machine interface (HMI) raises mission efficiency and situational awareness to the next level.

## Connectivity

Simplify mission preparation and maintenance by connecting aircraft to ground services.

## H175

The H175 provides fully redundant avionics, Rig'N Fly automatic rig approach and SAR upper modes to enable success in the most demanding environments.

# Optimal maintainability by design.

The H175 benefits from Airbus' comprehensive experience and use of the latest methodology. Optimized scheduled maintenance program defined i.a.w. Maintenance Steering Group (MSG-3 3<sup>rd</sup> issue).

Continuous update through cooperation with operators to include in-service feedback.

Compatibility with a customer's progressive maintenance plan.

Maintainability designed to reduce helicopter downtime.

Easy accessibility.

Flyscan Services for proactive HUMS monitoring and data analysis.

# HCare

**HCare by Airbus Helicopters**, a comprehensive service offer: whatever you need, where ever you operate, there is a customised solution for you, optimising your missions and operations, enhancing safety, availability, reactivity and optimising your costs.

A large choice of solutions tailored to your profile, related to Material Management, Helicopter Maintenance and upgrades, Technical Support, Training and Flight Ops or Connected services.

**Important to you,  
essential to us.**
