3. Use of Airbus Digital Workspace Services
4. Duration and Termination

1. Definition

Capitalized terms not defined in these Specific Terms and Conditions applicable to Airbus Digital Workspace Services shall have the meaning given in the Airbus World GTC or in the Airbus Partner Portal GTC as the case may be.

Airbus Digital Workspace Services means online digital applications owned by Airbus' licensor, and operated and made available by Airbus and Airbus' licensor to the Company for the provision of Google workspace services on AirbusWorld or on Airbus Partner Portal, in order to facilitate the collaboration between the Parties, by exchanging Data.

Airbus Privacy Notice related to Airbus Digital Workspace Services means Airbus document available on AirbusWorld or on Airbus Partner Portal (as applicable) for information only that informs any user(s) of the Personal Data required for or generated by using Airbus Digital Workspace Services or otherwise processed through Airbus Digital Workspace, how such Personal Data will be processed and protected through Airbus environment on Digital Workspace. For sake of clarity, this document might evolve upon Airbus' discretion. The Airbus Privacy Notice related to Airbus Digital Workspace Services is available and downloadable with the STC document from the Airbus portal and from AirbusWorld or Airbus Partner Portal as applicable.

AirbusWorld GTC means the General Terms and Conditions of Access to and Use of AirbusWorld entered into by Airbus and the Company, as may be amended and/or complemented from time to time.

Airbus Partner Portals GTC means the General Terms and Conditions of Access to and Use of Airbus Partner Portal entered into by Airbus and the Company, as may be amended and/or complemented from time to time.

Company means the company signing these STC.

Contractual Documentation means the Airbus World GTC or Airbus Partner Portal GTC, as the case may be, including their Annexes, and these STC ; all together providing the legal framework governing access to and use of Airbus Digital Workspace Services.

High Risk Activities means uses such as the operation of nuclear facilities, air traffic control, or life support systems, where the use or failure of the Airbus Digital Workspace Services could lead to death, personal injury, or environmental damage.

Google Drive Google Drive is a file storage and synchronization service developed by Google. Google Drive allows Designated Users to store files in the cloud, synchronize files across devices, and share files.

MyDrive means a Data storage place within Google Drive, which is prohibited to be used by the Company.

Shared Drive means a storage place within Google Drive, which can be used by the Company for data sharing in a collaborative manner.

Specific Terms and Conditions applicable to Airbus Digital Workspace Services or **STC** mean this document, as may be amended or modified from time to time.

2. Airbus Digital Workspace Services

Airbus Digital Workspace Services enable the Company and Airbus to exchange or have access to Data, for the sole purpose of the collaboration between the Company and Airbus. Airbus has no obligation to store

Company Data in Airbus Digital Workspace Services and reserves the right to delete or decommission all or part of such Company Data at any point in time.

Access to the Airbus Digital Workspace Services is subject to the Company having Airbus World GTC and/or Airbus Partner Portal GTC in force and complying with the Contractual Documentation. These Specific Terms and Conditions are only applicable to the Airbus Digital Workspace Services. The applicable version of Airbus World GTC and/or Airbus Partner Portal GTC is the signed version entered by and between Airbus and the Company.

The Company hereby undertakes to comply with these Specific Terms and Conditions, and with the requirements set out in the “Google Acceptable Use Policy” available online and printable through the following link: [Google Acceptable Use Policy](#)

For the avoidance of doubt, these STC do not cancel and replace the Airbus World GTC and/or Airbus Partner Portal GTC, but they will prevail over the above mentioned GTCs in case of any inconsistency between the STC and the GTCs and for the Airbus Digital Workspace Services only.

The Company agrees that the STC may be updated, modified or extended from time to time by the Parties and may be updated by Airbus as per the following process.

Airbus shall notify any update of the STC by sending a written notice to at least one of the Company's Administrators. Within thirty (30) calendar days from the date of receipt of the Airbus written notice, the Company is entitled to refuse the update of the STC by sending a written notice to googleworkspace.airbuspartners@airbus.com.

If the Company does not send any refusal notice within the thirty (30) day period, the updated version of the STC shall be deemed accepted by the Company and shall become effective.

If the Company sends a refusal notice within the thirty (30) day period, the STC shall be deemed terminated and the Company shall not be permitted to access or use Airbus Digital Workspace Services. The termination of the STC shall have no effect on the AirbusWorld GTC or on the Airbus Partner Portal GTC, which remain in force. The Company shall ensure that it and all its Administrators and Designated Users have read, understood and agreed with the Contractual Documentation prior to the first access to Airbus Digital Workspace Services and each time an updated version of the Contractual Documentation is effective.

The Company is responsible for the legal compliance, reliability, accuracy and copyright of any Company Data.

The List of Authorized Data, i.e. the list of data allowed in the Google Workspace, is available and downloadable with the STC document from the Airbus portal and from AirbusWorld or Airbus Partner Portal, as applicable.

3. Use of Airbus Digital Workspace Services

The Company shall access Airbus Digital Workspace Services solely through AirbusWorld or Airbus Partner Portal and url, mobile application or other means specified by Airbus.

Airbus Digital Workspace Services are made available to the Company on a free of charge, as is and as available basis.

Airbus and/or its licensor has and will retain sole control over the operation, provision, maintenance and management of the Airbus Digital Workspace Services, including: (i) selection, deployment, modification and replacement of Airbus Digital Workspace Services; and (ii) performance of any maintenance, upgrades, corrections and repair of the foregoing. Airbus will make reasonable efforts to provide notice to Company prior to any suspension, discontinuance, or modification, if such suspension, discontinuance or modification materially affects Company's access to Airbus Digital Workspace Services. The Company agrees that Airbus shall not be liable to the Company for any modification, suspension or discontinuance of Airbus Digital Workspace Services.

The Company must not, and must use best efforts to make sure a third party does not, use the Airbus Digital Workplace Services for High Risk Activities.

4. Duration and Termination

4.1 The STC shall enter into force on Company's acceptance of the STC and shall remain in full force unless otherwise terminated by Airbus for any reason whatsoever subject to a prior written notice of thirty (30) calendar days. The entry into force or termination of the STC shall not interfere in any way with the terms of the Airbus World GTC or Airbus Partner Portal GTC or any Contracts.

4.2 In the event of the Company being in breach of any of its obligations under the STC, Airbus shall be entitled, without prejudice to any of its other rights and without prior notice, to immediately and automatically suspend or terminate access to Airbus Digital Workspace Services or terminate all or part of the STC.
