COUNTRY SUPPLEMENT
KAZAKHSTAN

You have been invited to invest in shares of Airbus SE in the context of the 2026 Airbus Employee Share Ownership Plan ("**ESOP 2026**" or the "**Offer**").

This document is provided to you in addition to the Plan Rules. The Plan Rules and the "Local Offering Information" section of this Country Supplement contain the terms and conditions applicable to your investment in the Offer. You are also encouraged to carefully review information provided on the dedicated Internet Airbus ESOP website www.esop.airbus.com prior to validating your purchase order.

You are encouraged to consult Airbus Universal Registration Document (annual report) which contains important information on its activities, strategy, financial results and certain risks associated with its business and investment in Airbus shares.

If you do not understand the contents of the documents made available to you in the context of the Offer or have any doubts, you should speak to an independent financial adviser.

Eligibility

The ESOP 2026 is proposed to you because you are an employee of Airbus group.

In order to be eligible to the Offer in your country, you must meet the following conditions:

- ❖ Have an employment contract with an Airbus group entity in which Airbus holds more than 50% of share capital, and
- ❖ Having been employed by an Airbus group entity on December 31, 2025 and remain in employment through the date of delivery of purchased shares on April 2, 2026.

There is no obligation to participate in the Offer and your decision to participate or not will not have any impact on your employment with Airbus group.

Process of payment of the purchase price in your country

Payment of the purchase price for your selected Package is made by deduction from your net salary. Your employer will make the advance to Airbus SE for the total amount corresponding to your purchase price and this amount will be then reimbursed by you to your employer through payroll deductions.

If you select Packages 1 to 7, you have the choice for paying the investment amount:

- Option 1: in 3 deductions of equal amount
- Option 2: in deductions corresponding to the total available amount of your monthly salary, over a maximum of 3 months.

If you select Packages 8 or 9, only Option 2 is available.

When choosing the amount you want to invest, you must take into account the payment terms available according to the Packages and the available amount of your salary, it being understood that the repayment period cannot be longer than 3 months.

By choosing Option 2, you ask to deduct from your salary the maximum amount available after mandatory deductions (such as social security contributions and taxes) under Kazakhstani legislation, until the purchase price is paid in full, over a maximum period of 3 months. This choice may imply a significant reduction in the amount of salary that will actually be paid-out to you during this period. Make sure you have personal funds for your day-to-day expenses and recurring withdrawals and fund your bank account accordingly.

An illustration of the operation of the two mechanisms is attached in the Appendix.

Deductions from salary are subject to limitations and cannot exceed 50% of your monthly salary. You should consider this limitation when you decide upon the Package that you are purchasing and the Option that you select for the payment.

If you cease employment with your Airbus employer before full repayment of your ESOP debt, the outstanding balance will become immediately due. Consequently, Airbus or your former employing entity may take all appropriate actions to recover the purchase price of the Package, including deduction of the outstanding amount from your last pay. Please read the Plan Rules for procedures that Airbus may apply in case of default of payment.

We draw your attention to the Plan rules provisions applicable in cases where the payment option you selected is not appropriate for payment of your investment amount in timely manner. Please note that payment issues arising during the reimbursement period may lead to restrictions on future investment possibilities in ESOP.

Exchange rate

Although you will pay your acquisition amount in Kazakhstani tenge, the purchase price of Airbus Shares is set in Euro. The amount of the purchase price of your Package will be converted in Euros at the exchange rate applicable on February 18, 2026.

This exchange rate will be maintained until the date of delivery of shares to you but not thereafter.

Throughout the life of your investment, the value of your investment will be subject to fluctuations of the exchange rate between the Euro and the Kazakhstani tenge. As a result, if the value of the Euro strengthens relative to the Kazakhstani tenge, the value of your shares expressed in Kazakhstani tenge will increase. Conversely, if the value of the Euro weakens relative to the Kazakhstani tenge, the value of your shares expressed in Kazakhstani tenge will decrease.

Custody of your Shares

Shares acquired in the ESOP 2026 will be delivered to your individual securities account maintained by Société Générale Securities Services.

Société Générale Securities Services will manage your share account and execute your sale requests after

the end of the mandatory holding period.

Dividends, if any are voted by Airbus Annual General Shareholders Meeting, may be paid to you on the bank account indicated to Société Générale Securities Services or, may be transferred to you through your employer.

This summary sets forth general principles that are expected to apply to employees who participate to the Offer and are and remain during the whole period of their investment tax resident of Kazakhstan.

This summary is given for informational purposes only and should not be relied upon as being either complete or conclusive. For definitive advice, employees should consult their own tax advisors.

Illustration

This scheme is an illustration only and is not intended to predict the market value of the Airbus Share in the future.

IMPORTANT

Share price evolution on the stock market is unpredictable. When making your decision please remember that the price of Airbus shares can go up or down. Airbus cannot provide you with any financial/tax advice. If you are in any doubt about whether to participate in the ESOP 2026 you should speak to an independent financial/tax advisor.

1. Taxation at the time of acquisition of Airbus shares

In the ESOP 2026, you select a Package which allows you to acquire a number of Airbus shares at a discounted price compared to the Reference Price. The discount is the combination of a number of Airbus shares paid at Reference Price (**Acquisition Shares**) and additional Airbus shares (**Matching Shares**) allocated for free.

You will not be subject income tax or social contributions at the time of your subscription to ESOP 2026.

2. Taxation during the holding of your Airbus shares

You are required to hold your shares for a period of at least **three years**. As long as you will continue to hold your Airbus shares, you will be taxable with respect to dividends if any are distributed by Airbus SE.

Dividends will be subject to a dividend withholding tax in the Netherlands and will then be taxable in your country.

a. Taxation of dividends in the Netherlands

Under Dutch domestic law, dividends paid by Airbus will be subject to a withholding tax in the Netherlands at the time the dividend is declared by the general meeting of shareholders. The rate of the Dutch dividend withholding tax is 15%.

A supporting document (Tax Voucher) evidencing the payment of Dutch withholding tax is made available each year on SHARINBOX –Société Générale website.

b. Taxation of dividends in Kazakhstan

Under Kazakh tax law, dividends received by a Kazakh tax resident are subject to personal income tax at 5% on dividend income up to 230,000 times the Monthly Calculation Index (MCI) and at 15% on the excess.

Any withholding tax paid in the Netherlands may, in principle, be credited against the personal income tax payable in Kazakhstan. Such tax credit cannot exceed the amount of personal income tax payable in Kazakhstan on the relevant dividend income.

The taxpayer is required to self-assess and report the dividend income by filing an annual personal income tax return no later than 31 March of the year following the year in which the dividends are received or made available, and to pay the applicable personal income tax accordingly.

3. Taxation at sale of your Airbus shares

You will not be able to sell or transfer the shares acquired in the ESOP 2026 for a period of three years. In practice, you will be able to sell your shares from April 2, 2029.

The end of the lock-up period does not constitute a taxable event.

Taxation arises only upon the sale of the shares and only if you made a capital gain. The taxable capital gain is calculated as the difference between the gross sale proceeds and the actual acquisition cost of the shares, reduced by transaction-related costs (e.g. broker's commissions).

Taxable gain = sale proceeds – price you paid for the Package - broker's commissions

Such capital gains are subject to personal income tax at 10% up to 8,500 times the Monthly Calculation Index and at 15% on the excess. No social security contributions apply to capital gains.

You are required to declare the capital gain in the annual personal income tax return by 31 March of the year following the year of sale and to pay the applicable personal income tax independently.
