Toulouse, France, 16 October 2026 - [Aviation Capital Group LLC](#) (ACG), a premier global full-service aircraft asset manager, headquartered in Newport Beach, California has signed a firm order for 75 A320neo Family aircraft, taking its total historical order for the type to 190 aircraft.

“ACG’s portfolio strategy is focused on new-technology narrowbody aircraft that are most in-demand with airlines globally. Placing the largest order in our nearly 40-year history is a statement of confidence in the long-term future of air travel and in ACG’s important role as a conduit between airlines, aircraft and capital,” said Thomas Baker, Chief Executive Officer and President of ACG.

“This major investment reinforces our long-term and important partnership which dates back to 2007 when ACG placed its first direct order with Airbus. ACG will be able to offer its customers the A320neo Family well into the next decade,” said Benoît de Saint-Exupéry, Airbus EVP Sales of the Commercial Aircraft business. “We salute ACG’s selection of the A320neo Family - the world’s most modern and efficient single aisle aircraft.”
